

EASTERN ZONE PLAYER TRIALS

We are inviting all interested players to the first trials for the Eastern Zone in the inaugural season of the FFV's new Summer League on Saturday 4th and Sunday 5th October.

Players from clubs within the zone are eligible to trial within their age group to represent the Eastern Zone against the other Victorian zones in a home and away format starting 25th October 2008.

This is a great opportunity for players to develop to the next level of football and from this summer onwards all state players will be selected from the Summer League competition.

Coaches will be appointed by the FFV and Eastern Zone committee, but will be contracted to the FFV and will work closely with the FFV to meet the standards and aims of coaching that have been laid down by the FFA and FFV.

Trials will be run to select appropriate players for the 2008/09 season. Selection will be in line with current FFV standards.

All players who participate in trials will be notified by email as to the outcome and if they are required to attend a further session.

Players have the choice of trialing in the zone of their residence or the zone of their current winter club.

You can register your interest on the FFV website or by emailing craig.white@doncasterbmw.com.au.

Further information will be available at the trials.
